

DAY 1

The Whole Earth is filled with His Glory

Isaiah 6:3

It is human nature to focus on the world and its troubles. Our ears are quick to hear the slightest rumour of bad news. Our eyes are diverted to see the horrors around us. Our noses are attuned to the stench of decay, sin and death. He bombards our senses so that we are overstimulated and overwhelmed by all we see, hear, smell, taste and touch. Satan has captured the world and has conformed it in His image as the Prince of Darkness. Through his design, we are distracted from our calling.

Jesus Christ taught us that God is looking for a people who will be lovers and worshippers of Him. To do that we should ask the Holy Spirit's help to transform us from trusting in the sensory realm to a communing with God in the spiritual one. In this way, we can look past the cloud of deception to see and worship the Lord in spirit and truth. To commune with God in the realm of the Spirit is to go beyond our sensory realm into His presence. To witness the glory is to see Him as He truly is... as we see Jesus, we will be changed to be like Him.

REFILWE ORPHAN CARE

This organisation serves 220 children who are considered very vulnerable in their community. The children who are caring for face major social-economic challenges and needs. Please pray for them for the following:

1. Portia Matlala and her team of dedicated field workers and cooks.
2. Provision for the children with regards to nutritional, medical and educational requirements.
3. Provision of property and the respective title deeds so that they can establish their centre.
4. Open doors to connect with new sponsors and supporters who will assist with their needs.
5. Holistic healing for children who have experienced trauma and challenges at home.
6. The Safety of the children and the centre staff.
7. The equipping of the centre staff through the provision of quality training.
8. The equipping of the centre kitchen and utility buildings with quality equipment.
9. Protection against theft where the centre can be a target to workless people.

We give our thanks to our great God for His ongoing provision for Refilwe Orphan Care during the Corona Virus pandemic. While cuts in government funding to non-profit charities, coupled with the loss of jobs has placed great pressure on centres such as Refilwe... Yet God keeps providing. All glory to Him!
