

DAY 15

“Look, I’m going to rain down food from heaven for you. Each day the people can go out and pick up as much food as they need for that day.”

Exodus 16:4 NLT

We cannot rely on yesterday’s mercies neither; neither can we draw from strength from past for the “new season”. Each day we need the sustaining food of God to carry us into and through the “new season”. Each day, God sustains us and refreshes us with enough in the “new season” if we are willing to receive from Him. Too often we try tapping into yesterday’s mercies and past strength because our flesh wants to break out of dependence and deep need for God. If we can get what we need we can go our own way. The prodigal son believed this. He took from his father all that he felt he would need to sustain him. It would not be enough. He didn’t understand how cut off he was from the family homestead of his father. When the prodigal son lost everything, he remembered that even the servants were well off. He realised that his favour came from being with the father. In the spiritual perspective we all need to realise what the prodigal son realised, that there is enough for God’s sons and daughters when they stay connected with Him, and draw their strength from Him. Ask the Holy Spirit to reveal this truth to you. Ask the Lord to help you to depend on Him at all times.

KINGDOM VISION MINISTRIES

Gert Van Biljon from Kingdom Vision Ministries asks us to pray for them on Qodesh Campsite, particularly for:

1. Wisdom and renewed vision;
2. Fresh motivation to get things done;
3. Godly, Spirit-filled life partners for our children;
4. Cars for each of our children Bernard and Betty;
5. R10million funds for development;
6. Water infrastructure, that fails all over the show;
7. Maintenance on roofs and windows and buildings;
8. Goat proof fences and raised beds and tunnels for vegetable gardening;
9. Earthmoving equipment The building of 10 Chalets;

In terms of vision and 'motivation': When we came here we had a lot of plans of things we wanted to build and implement here, including presenting workshops on farming and worship. For the last 12-years we've managed to hang in there and keep things going and by God's grace keep every payment up to date. But I'm tired, and it feels like the dreams and vision we had for Qodesh Camp Site are slipping away, but my biggest concern is I don't know what to do next? as all the plans I have to require lots of money, which I don't have.
